To Whom It May Concern,

Please be advised that we have received multiple requests from developers, project owners, and general contractors for a list of contractors that have a vaccination requirement or that can guarantee a vaccinated workforce for their projects. If you are able to make such a commitment and wish to be added to that list, please complete the attached form and respond to this email with the details of your vaccination plan.

This list will only be provided upon specific request where project requirements mandate vaccinated workers.
